

Tailored Facials and Targeted Treatments

All facials commence with a skin consultation to identify specific conditions and concerns to tailor treatments for the individual and are completed with an SPF protector cream.

Express Refresh \$65 | 30 mins

Includes double cleanse, exfoliation, facial massage and a soothing and calming mask.

Suitable for new customers, first facial to analyse skin concerns and recommend future treatments.

Deep Clean \$95 | 45 mins

Includes double cleanse, exfoliation, extractions (if required), enzyme exfoliating mask with steam treatment, facial massage and a soothing and calming mask.

Suitable for most skin types including problematic skin, anyone wanting to kick start a new skin routine or preparation for Peel treatments.

Essential Revitalise \$125 | 60 mins

Includes double cleanse, exfoliation, extractions (if required), enzyme exfoliating mask, steam treatment, moisture boosting facial massage, scalp massage, vitamin serum and high performance mask, eye and lip treatments.

Treatment tailored to suit sensitive, dry, oily or normal skin types.

Liquid Laser Brightening \$135 | 70 mins

Includes double cleanse, exfoliation, extractions (if required), enzyme exfoliating mask with steam treatment, targeted application of pro-x-peel or precision peel solution, vitamin serum, high performance mask, hand massage, eye and lip treatments.

Treatment targets, sun damage uneven tone and complexion, thickened and dull skin, redness and capillary damage.

Alpha-H Peel Treatments

A free 15 minute consultation will be included when booking a first peel treatment. Mask treatment and SPF protector cream are included. Skin preparation is required and Liquid Gold should be used at home prior to undertaking a peel treatment.

Alpha-H uses glycolic acid derived from sugar cane as its peeling agent. Research supports the evidence that glycolic is safe, well tolerated and complications are rare. The strength of glycolic along with a low pH level delivers optimum results to the skin. Best results are achieved when undertaken as part of a course of treatments.

Pro-X-Gel Peel \$115 | 45 mins

30% Glycolic. pH 2.8.

Suitable for all skin types, particularly younger skins or an introductory peel. Targets fine lines, open pores and uneven skin texture.

Precision Peel \$125 | 45 mins

40% Salicylic, Mandelic, Lactic Acid. pH3.5

Best suited to thickened skins, deep pigment and oily skins.

50% CHA Peel \$135 | 45 mins

30% Glycolic, 18% Lactic, 2% Salicylic Acid. pH2.85

Best suited to mature skins with intrinsic ageing, sun damage, pigmentation and deep lines. Our most hydrating and anti-ageing peel.

LED Red Light Therapy \$40 | 20 mins

This safe, pain free and TGA approved therapy is suitable for all skin types and offers the benefits of sunlight without the damaging effects of UV rays. LED stimulates the skin at a deeper dermal level than topical products and can help to build collagen and elastin, accelerate healing, refine and tone the skin. Add to any facial treatment or stand alone.

Suitable for all skin types, improves delivery of skin products, promotes healing.

We use Alpha-H Professional Skin Care, global leaders in corrective and preventative skincare for all our facial treatments. We are also an accredited to offer and use the Salon Exclusive Liquid Laser Prescriptive Range.

Australian owned and manufactured, botanically based, effective and affordable.

Soothing and Calming Masks:

EFA Plus Anti Oxidant Mask

A hydrating creamy mask that instantly nourishes and softens skin. Packed with antioxidants and EFA'S, which assist in preventing free radical damage and restoring the skin barrier improving the skin's ability to retain moisture.

Hydra Plus Comforting Mask

Specially formulated to moisturise and give comfort to dry and devitalised skin. Rich in marine extracts, the Hydra Plus Comforting Mask gives the skin instant nourishment and hydration.

Balancing and Pore Refining Mask

An aromatic clay mask which effectively draws out embedded toxins and impurities without stripping or dehydrating the skin. Contains, lavender, white clay, zinc oxide and vitamin A.

Enzyme Exfoliating Masks:

Papaya and Pineapple Enzyme Exfoliating Mask

A hydrating and exfoliating enzyme mask which restores suppleness, smoothness and youthful glow to congested, dehydrated skin while improving moisture retention and elasticity.

Re-balancing Flower Mask

A Hibiscus, Arnica and Chamomile flower mask that rebalances and detoxifies lifeless skin that is showing signs of toxic stress. Restores radiance and increases moisture levels whilst minimising an uneven complexion and congestion.

High Performance Masks:

Vitamin C Cherry Mask

Rich in Vitamin C and Acerola Cherry Extract, this powerful antioxidant mask stimulates Collagen synthesis and tightens aging skin whilst fading out pigmented patches and age spots.

Cryogenic Firming Mask

An invigorating skin-lifting mask formulated with mineral rich Spirulina, Seaweed and Menthol. The high concentration of Spirulina strengthens the skin structure and makes it more resilient to environmental aggression.

Azulene Mask

The ultimate anti-inflammatory treatment for sensitive and weak skins; Chamomile-derived Azulene soothes and calms; Vitamin C restores and Bilberry Extract repairs and minimises broken capillaries.

Clear Skin Treatment Mask

Specifically designed for the treatment of problem, combination and oily skins; this cooling mask absorbs excess sebum, detoxifies and purifies whilst reducing inflammation for immediate and visible results.

Liquid Laser Prescriptive Cellulose Mask

Specifically designed for post peel treatments to remove heat and cool the skin. The infusion of Liquid Laser concentrate helps to suppress age spots and hyperpigmentation resulting in a fresh and clear complexion. Can be added to any facial treatment as a targeted treatment.
